

Yellow Ribbon Committee Common Agenda

Yellow Ribbon Committees are held in a private place that enables confidentiality. For online meetings, individual members are responsible to ensure that the meeting is not overheard by securing the privacy of their room or using earphones or similar technology. The following is a common agenda for Champions outlining their role in preparing for, conducting, and following up with meetings of their Yellow Ribbon Committees.

PREAMBLE

Stephen's Table is a fellowship of ordinary citizens who have made the extraordinary commitment to stand in compassion with members of their hometown who are serving time in prison that the pain of incarceration might not break their bond with the community they share and that their homecoming might be a time of celebration and renewal and not desperation and divorce. By simple acts of human kindness through letter writing and visitation, members reignite hope in the hearts of those living in the shadow of the criminal justice system:

- Reminding them that they haven't been forgotten
- Helping them to make the most of their time in prison
- Assisting their loved ones who may be suffering in silence, and
- Supporting them during their transition home

The only requirement for membership is a desire to preserve the bond between prisoners and their hometown. Although Stephen's Table committees may be formed in religious, civic, and social organizations, it is not allied with any sect, denomination, politics, or social agenda; does not wish to engage in any controversy, neither endorses nor opposes any causes. Our primary purpose is to be in relationship with members of our community who are serving time in prison and to create a support system for when they come home.
